Scale 1:10; looking at the front (along +Y)

RIGHT VIEW
Scale 1:10; looking at the right side (along -X)

WHERE IT GOES
This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- Frame 1,364 x 680 from 40 x 40 x 4 angle, mesh welded inside
- Semicircular notch 32 radius at the middle of the meeting edge
- 6 mm doubler round the notch; two doors make a 64 mm pole hole
- Two hinge pins 16 on the outer edge, into the frame knuckles
- Check: both doors close flat and meet within 5 mm
